

DE1

910 15th St., Denver, CO 80202

CoreSite's DE1 data center is strategically located in downtown Denver and offers businesses the ability to meet their most challenging IT requirements that drive digital transformation. DE1 is the #1 network-dense asset in the market and the "place to be" for connectivity needs offering access to the leading public peering exchange in the Rocky Mountain region, the Any2Exchange®, exceptional proximity and network resiliency.

This 152,000-square-foot facility is ideal for any performance-sensitive requirements and is home to a robust ecosystem of organizations – including cloud, network and IT service providers. Tethered via a lit fiber network that supports up to 100G metro Ethernet connections and dark fiber to Coresite's other Denver data center, DE2, DE1 offers a modern data space that is ready for custom build-outs and supported with state-of-the-art mechanical and electrical infrastructure, 24x7x365 security, field operations, remote hands and customer service.

DE1 Technical Specifications

BUILDING

Space

Square Footage	152,000+
Deployments	Partial cabinets, full cabinets and cages Rooftop space available on case-by-case basis
Power Availability	AC and DC
Fitout	Turn-key

Floor

Floor Loading	120 lbs./sq. ft.
Clear Height	8'6" above solid floor

PRODUCTS AND SERVICES

Interconnection

Software-Defined Networking Platform	Open Cloud Exchange®
Peering Exchanges	Any2Exchange® for Internet peering
Diversity	Diverse POEs
Carrier Availability	See our carrier list located at CoreSite.com/carrier-list
Cross Connects	Single mode fiber (SMF)
Enterprise Internet	Blended IP, 10Mbps to 10Gbps

Colocation

- Partial Cabinets
- Full Cabinets
- Cages
- Private Suites and Build-to-Suit
- AC Power Circuits
- DC Power Circuits
- Antenna

Services

- Remote Hands
- Public Cloud Providers
- Additional Cloud Services

Compliance Certifications

SOC 1 Type 2, SOC 2 Type 2, ISO 27001,
NIST 800-53, PCI DSS, HIPAA

FACILITIES

Security

Access	Key cards, biometric scanners and controlled data center access
Cameras	Interior IP-DVR
Security Officers	24x7x365 security qualified personnel

Structure

Elevators	3 Passenger: 5'w x 4'd x 7'h (2,500 lbs.) Freight: 7'w x 6'd x 7'h (5,000 lbs.)
Loading Dock	None, delivery requires vehicle lift gate
Column Spacing	24' x 24'

Efficiency

Cooling	N+1 CRAHs
Electrical	High-efficiency UPS systems
Life Safety	Dual Action FM200 system
Lighting	LED lighting system
Monitoring	RF Code readers for pin-point accuracy of temperature and humidity within customer deployments

Reliability

Generators	N+1 redundancy
Operations	24x7x365 remote hands
Uptime	100% uptime SLA
Fuel Storage	24 hours, on-site
UPS/PDU/RPP	N, 2N redundancy
Mechanical	N+1 redundancy on CRAHs, chillers, and chilled water pumps, and chilled water heat exchangers
BMS Controls	Temperature and humidity sensing
