

Virginia Sales Tax Exemption Program

ABOUT THE PROGRAM

The Virginia Economic Development Partnership (VEDP) enables eligible CoreSite customers to take advantage of a 6% Virginia retail sales and use tax exemption toward the purchase of computer equipment and enabling software.

All of CoreSite's customers at its Reston, VA campus, are eligible to participate in the sales tax exemption program, which is applicable to all IT equipment deployed at the data center. As CoreSite continues to expand its data center footprint in Reston, new and existing customers can continue to participate in the Retail Sales & Use Tax Exemption program, which is applicable for certain purchases made through June 30, 2035.
