

InData Establishes Data Center Deployment with CoreSite to Support Its Growing Cloud Solutions Business

January 25, 2017

DENVER--(BUSINESS WIRE)--Jan. 25, 2017-- CoreSite Realty Corporation (NYSE:COR), a premier provider of secure, reliable, high-performance [data center](#) and [interconnection](#) solutions across the U.S., today announced that Innovative Data Consulting, Inc. (InData), a leading provider of physical and virtual Enterprise Information Technology Infrastructure and Services, has chosen CoreSite as its data center solution partner, deploying within CoreSite's [Los Angeles](#) data center campus.

InData specializes in an array of managed services and cloud solutions, including Backup as a Service (BaaS), physical and virtual server replication, and Firewall as a Service (FWaaS), and serves a number of verticals including the media and entertainment and healthcare verticals. CoreSite's network-dense downtown Los Angeles data center campus, direct connectivity to leading [public cloud](#) on ramps -- including [AWS Direct Connect](#) and [Microsoft Azure ExpressRoute](#) -- and [HIPAA-supportive](#) infrastructure were some of the reasons InData chose to partner with CoreSite.

"As we were exploring various data center facilities, we were impressed by the quality of the CoreSite facilities, as well as the high level of attentiveness and customer service we received, and determined our customers will best be served at CoreSite's Los Angeles campus," said Mike Braico, InData CEO. "Not only does CoreSite offer the security, reliability and performance we need for our clients, it has the capacity to scale with our business."

"We are pleased to welcome InData to our robust and growing community of managed service providers across our national platform," said Maile Kaiser, Vice President of Sales at CoreSite. "Our differentiated ecosystem of network and cloud access, as well as a highly secure and reliable environment, will provide InData the capability to support its customers and continue to grow its business in the Los Angeles market."

The CoreSite Los Angeles campus includes two data center facilities -- LA1, also known as One Wilshire®, one of the most interconnected buildings in the world, and LA2 with over 424,000 square feet of scalable space in downtown Los Angeles. CoreSite's Los Angeles campus is comprised of over 500 network, cloud and enterprise customers, as well as access to the largest peering exchange on the West Coast -- [CoreSite's Any2Exchange® for Internet peering](#).
