

Expereo Expands with CoreSite in Miami to Provide Its Customers with Connectivity to Latin America

August 17, 2017

DENVER--(BUSINESS WIRE)--Aug. 17, 2017-- CoreSite Realty Corporation (NYSE: COR), a premier provider of secure, reliable, high-performance [data center](#) and [interconnection](#) solutions across the U.S., today announced that [Expereo](#), a leading managed SD-WAN, Internet Connectivity services and Cloud Acceleration solutions provider, has deployed a new network Point of Presence (PoP) at CoreSite's [Miami](#) data center.

Expereo chose to expand with CoreSite in support of its new Miami hub, which is located in CoreSite's Miami facility. Expereo's Miami POP provides 10GB connectivity to Latin America for its Cloud Acceleration service, called Accelerated Cloud Access (XCA). [XCA](#) overcomes the limitations of Border Gateway Protocol (BGP) routing to deliver improved user productivity experiences for Cloud Applications, through speed and reliability optimized Internet routing.

"CoreSite is a high-performance partner that we know is highly reliable and provides an excellent customer experience," said Sander Barens, Vice President of Commercial Development at Expereo. "As we worked to establish our Miami POP, it was clear to us that CoreSite was best positioned to provide the required international connectivity options that we need to support our Latin America services and ensure our customers have the performance and connectivity they expect from Expereo."

CoreSite's Miami data center (MI1) provides connectivity options from the U.S. to South America and is an increasingly popular choice for cloud, content, enterprise and network customers looking to securely house their applications to connect to both the U.S. and Latin America markets. It is strategically located in central Miami, 3 miles from the ocean and is built to withstand a Category 5 hurricane.

"We are pleased to have Expereo join our growing community of network providers in the Miami market," said Ben Green, Vice President of Sales, Network & Mobility at CoreSite. "Expereo's decision to expand with CoreSite highlights the value of our network dense, high-performance data center and interconnection solutions, as well as the importance of best-in-class customer experience."

Expereo is now a member of the [CoreSite Marketplace](#), which provides a dynamic web-enabled interface, where CoreSite customers can learn of other service providers, how they can benefit from one-another, and engage easily to support their IT strategy. These services include network providers, cloud on-ramps, managed service providers, and software providers. To learn more about Expereo, visit www.coresite.com/marketplace/expereo.

Forward-Looking Statements

This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control, that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: the geographic concentration of CoreSite's data centers in certain markets and any adverse developments in local economic conditions or the demand for data center space in these markets; fluctuations in interest rates and increased operating costs; difficulties in identifying properties to acquire and completing acquisitions; significant industry competition; CoreSite's failure to obtain necessary outside financing; CoreSite's failure to qualify or maintain its status as a REIT; financial market fluctuations; changes in real estate and zoning laws and increases in real property tax rates; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.
