

## US Dedicated Expands with CoreSite to Support Strong Demand in the New York Market

March 21, 2017

DENVER--(BUSINESS WIRE)--Mar. 21, 2017-- CoreSite Realty Corporation (NYSE:COR), a premier provider of secure, reliable, high-performance [data center](#) and [interconnection](#) solutions across the U.S., today announced that US Dedicated, a premium Infrastructure as a Service (IaaS) provider focusing on Dedicated Servers and distributed denial-of-service (DDoS) mitigations, has expanded its presence in the U.S. with a deployment in CoreSite's [New York](#) data center campus. This expansion brings US Dedicated's presence with CoreSite to a total of three markets, including [Chicago](#) and [Los Angeles](#).

US Dedicated's selection of CoreSite's New York data center campus will allow the company to reach a geographically diverse set of customers within the New York market, where US Dedicated has seen strong demand from its current customer base. US Dedicated was looking for a data center provider that would allow the company to scale rapidly to meet their customers' demands, while providing diversity of network providers to support US Dedicated's high-performance route optimized IP.

"We chose to expand with CoreSite based on its optimal mix of technology, support and outstanding facilities," said Robby Hicks, President and Chief Executive Officer at US Dedicated. "In the hosting industry it is extremely important to be able to scale fast and meet customer deadlines, while ensuring a reliable and high-performance environment for our customers. CoreSite's New York campus provides the performance, redundancy and reliability we require, supported by a best-in-class customer experience."

CoreSite's [New York campus](#) includes two data center facilities – [NY1](#), comprised of over 48,000 square feet of data center space in the heart of Manhattan, and [NY2](#), with over 236,000 square feet of data center space situated above the 500-year floodplain in Secaucus, NJ. CoreSite's New York campus hosts over 40 network service providers and provides direct access to some of the world's leading cloud service providers, all with robust, low-latency network access to Manhattan, supporting acceleration of customers' IT performance while reducing customer costs.

"We are pleased to have US Dedicated expand its presence with CoreSite in New York, and join our robust community of enterprise and digital content companies, cloud and IT service providers, and network providers," said Maile Kaiser, Vice President of Sales at CoreSite. "Our diverse and network-dense platform provides a compelling solution for enterprises looking to expand their businesses in a scalable, secure and reliable facility. We look forward to continuing to support US Dedicated to reach its growth targets."

### About US Dedicated

US Dedicated is a performance based IaaS (Infrastructure as a Service) provider with four (4) datacenters located across the US for geographical diversification and redundancy. They offer both managed and un-managed Dedicated servers, VPS and Cloud services. US Dedicated have carefully selected their entire product offering to create best in class solutions. Their services are built upon best of breed datacenters by CoreSite, Premium Internap Performance IP bandwidth & In-Line DDoS, and Always-On protection by Corero. US Dedicated's solutions best support low latency and high demanding applications, such as Gaming, Media Streaming and VoIP. Their excellent service is backed by experts with over 15 years of hosting experience, a 24/7/365 support team and a 100% uptime SLA. ### Forward-Looking Statements

This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: any adverse developments in local economic conditions or the demand for data center space in these markets; operational difficulties, including difficulties relating to information systems, internal processes and information security; significant industry competition; financial market fluctuations; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.
